

BigTime Wallet Accelerate Payment Quickly, Improve Cash Flow, Personalize Client Experiences

Choose BigTime Wallet for streamlined payments and a centralized hub for invoicing and payments. With online payments and a user-friendly client portal, your clients can easily make payments. You'll get paid faster, cut down on administrative tasks, and enhance the client experience—all within the BigTime platform.

Start collecting payments within days

Reduce administrative overhead

Strengthen financial health with expedited payments

Elevate client experience and satisfaction

The screenshot displays the BigTime Wallet dashboard. At the top, there are navigation tabs for 'DASHBOARD', 'INVOICES', and 'TIMESHEETS'. The 'INVOICES' tab is active, showing a list of invoices with columns for Number, Attachments, Amount, Due Date, Current Status, Payment Type, Account, and Paid Date. The status of each invoice is color-coded: green for 'OPEN', red for 'PAST DUE', and grey for 'PAID'. To the left of the invoice list is a 'CREDIT CARD' payment form with fields for Payment Amount (\$2,000.00), Name On Card, Card Number, Exp Date, CVV, Zip, and Email. Below the form is a 'SUBMIT PAYMENT' button. To the right of the invoice list is a summary of financial metrics: Open Balance (\$61,478.00), Invoices Unpaid (10), Invoices Overdue (9), Last Payment (04/22/2021, \$2,320.00), and Total # of Invoices (53). The top right corner shows 'All Projects' and a user profile icon.

Streamline A/R and Financial Management

- Automate reconciliation, reduce human error, and prioritize billable work over administrative tasks.
- Seamlessly integrate invoicing and payments with your accounting system to reduce double entry.

Accelerate Cash Flow to Fuel Business Growth

- Get paid up to three times faster and improve cash flow.
- Use AutoPay and enable clients to make secure online payments at their convenience.

Enhance Personalization and Branding

- Elevate your firm's image with personalized, branded invoices.
- Deliver a cohesive experience that stands out from competitors.

Create a Modern Payments Client Experience

- Provide easy-to-use online payment links directly on your invoices.
- Clients can pay online without logging into their bank account or sending a check.

Gold Standard Security

- Industry-leading security to protect sensitive data.
- Level 1 PCI compliant technology for peace of mind.

Offer a Client-Centric Client Portal

- Empower clients with self-service access through a client portal.
- Simplify communication for clients to view, pay, & manage invoices in one place.
